### READ AND SIGN BEFORE VEHICLE CAN BE BROUGHT INTO AUTO SHOP

I authorized the above vehicle to be worked on by Sahuarita High School Auto's Program. I fully understand that my vehicle (listed above) will be worked on by high school students and I, nor anyone in my behalf, will hold the student(s), teacher(s), Sahuarita High School or the Sahuarita Unified School District liable in anyway for damages, loss of property, failed repair or subsequent failure. I Understand that the school and teacher will make every possible effort, with the resources that are established in the school facilities today, to protect anything negative from happening to the vehicle or its property, but I fully understand that there may be issues that are beyond the teacher's control or a failure of the vehicle that was there prior and did not come out until the process of repair or service was being performed. I also understand that ALL parts that are needed will be MY responsibility and that I will pay for them once I have authorized them and before vehicle is picked up or taken from the school premises. I will need to authorize any parts or repairs over over \$\_\_\_\_\_ before that work is performed on my vehicle.
